

Avtech Pulse Generators Now Available From Test Equipment Connection

Lake Mary, FL USA – August 9, 2010. Test Equipment Connection announced today that it has entered into a Distribution Agreement to sell new Avtech Electrosystems pulse generators, amplifiers, laser diode drivers and semiconductor device testers.

"Avtech offers general purpose 200 to 1,000 Volt pulse generators that are suitable alternatives to obsolete Velonex pulse generators," said President and COO Mike Novello. "One example is the Avtech [AVR-8A-B-PN](#) which covers a pulse width range similar to the Velonex 360. If higher amplitudes are needed, the AVRH-3-B series is also worthy of consideration in this scenario."

About Avtech Electrosystems Ltd.

[Avtech Electrosystems](#) is a manufacturer of general-purpose and high-performance pulse generators, laser diode drivers, amplifiers, and accessories. Avtech offers over 500 standard models, and the capability to produce near-stock-price special items. Avtech solutions can be found in a variety of electronics and R&D laboratories in 47 countries. Products include Ultra-High-Speed Pulse Generators, Specialty Pulse Generators, General-Purpose Pulse Generators, Pulsed Laser Diode Drivers, Semiconductor Device Testers, Impulse Generators, Amplifiers, Function Generators, Delay Generators and Frequency Dividers.

About Test Equipment Connection Corporation

[Test Equipment Connection Corp.](#), Test Equipment Connection Pte. Ltd., and TE Connection Asia Limited are industry-leading suppliers of new, refurbished and second-hand electronic test and measurement ("T&M") equipment. The companies sell, buy, lease, rent, trade, repair and calibrate over 315 manufacturers including Anritsu, Rohde & Schwarz, Agilent, Tektronix, Advantest, LeCroy, Chroma and Fluke, with thousands of products available. The companies are a single source supplier with in-house calibration laboratories assuring that customers receive only the highest quality T&M equipment and support. Test Equipment Connection Corporation has over 250,000 customers, a 45,000 square foot warehouse and repair facility in the US, and 17 years of profitability and financial strength.
